

A NUISANCE ELIMINATED

Peripatetic Auctioneers Are Taxed Out of Existence in Petersburg.

BOY KICKED BY A MULE

(Special to The Times-Dispatch.)
PETERSBURG, VA., April 16.—The five-year-old son of Mr. J. E. Conner, residing in Prince George county, about five miles from Petersburg, sustained injuries by being kicked by a mule yesterday. Several teeth were knocked out and his mouth otherwise badly injured. The Rev. L. B. Barton, of Suffolk, Va., will assist in a series of evangelistic services to be conducted throughout next week in the Second Baptist Church by the pastor, the Rev. Fred W. Moore, in Washington Street Methodist Church the Rev. W. W. Royall, of the Virginia Conference, will conduct services each night next week.

Y. M. C. A. SERVICES.
H. O. Williams, international secretary of the Railroad Department, will address the men's meeting at the Petersburg association to-morrow afternoon.

The Rev. Dr. J. B. Hawthorne, of Richmond, will preach at the First Baptist Church to-morrow morning and evening. F. L. Temple, record keeper of the local tent of the Order of Macalates, today paid to the widow of the late Guy A. Tindall, \$2,000, the sum for which her husband was insured by the order.

Much interest attaches to the wrestling match Monday night at the Petersburg Academy of Music between Professor M. J. Dwyer, of Richmond, and John Hanson, "The Terrible Swede," of Scranton, Pa.

NO MORE AUCTIONEERS.

An ordinance passed last night by the Common Council will, it is believed, result in Petersburg being relieved from the auction nuisance. A specific tax of \$500 is imposed on any outside firm bringing to the city goods to be sold either at auction or privately, wholesale or retail. About three months since the city was visited by an auctioneer from Norfolk, and the presence of the outsiders for a month was keenly felt by the local jewelry houses.

Hereafter a tax of \$25 per year is to be assessed against social clubs operating in Petersburg.

MERCER'S AUTOGRAPH.

Unusual Interest Manifested in Fredericksburg Horse Show.

(Special to The Times-Dispatch.)
FREDERICKSBURG, VA., April 16.—Captain M. B. Howe has in his possession the autograph of General Hugh Mercer, son of General Hugh Mercer, who was killed at Princeton during the Revolutionary War, and to whose memory a monument is to be erected in this city by the United States government. In these acts are three bills relating to Fredericksburg, nearly a century ago. One is to establish a turnpike road from Fredericksburg to Swift Run Gap, in the Blue Ridge Mountains; the other concerns warehouses for storing tobacco, and the other is an act vesting part of the Public Square in the trustees of the Male Charitable School.

Unusual interest is being taken in the coming Horse Show, the first to be held here. Applications for stock in the association have been general and voluntary. The grounds are nearly in readiness, a large number of entries are already assured, and it is believed that Fredericksburg will have the largest and best open air show in Virginia. Indications point to an attendance which will break the record of the Agricultural Fair here, which has been in successful operation for eighteen years.

THE JURY DISAGREED.

Anderson, Accused Postoffice Robber, Must be Tried Again.

After being out for twenty-seven hours, the jury of the United States District Court, in the case of the United States vs. John Anderson, charged with breaking into and robbing the postoffice at West Point, yesterday afternoon reported their inability to agree, and were discharged.

EGG-O-SEE

This sketch was made by Katie Worrell, age eight years, Fairfield School, Richmond, Va.

We give a cash prize of \$5.00 for any drawing of this character which we accept and use.

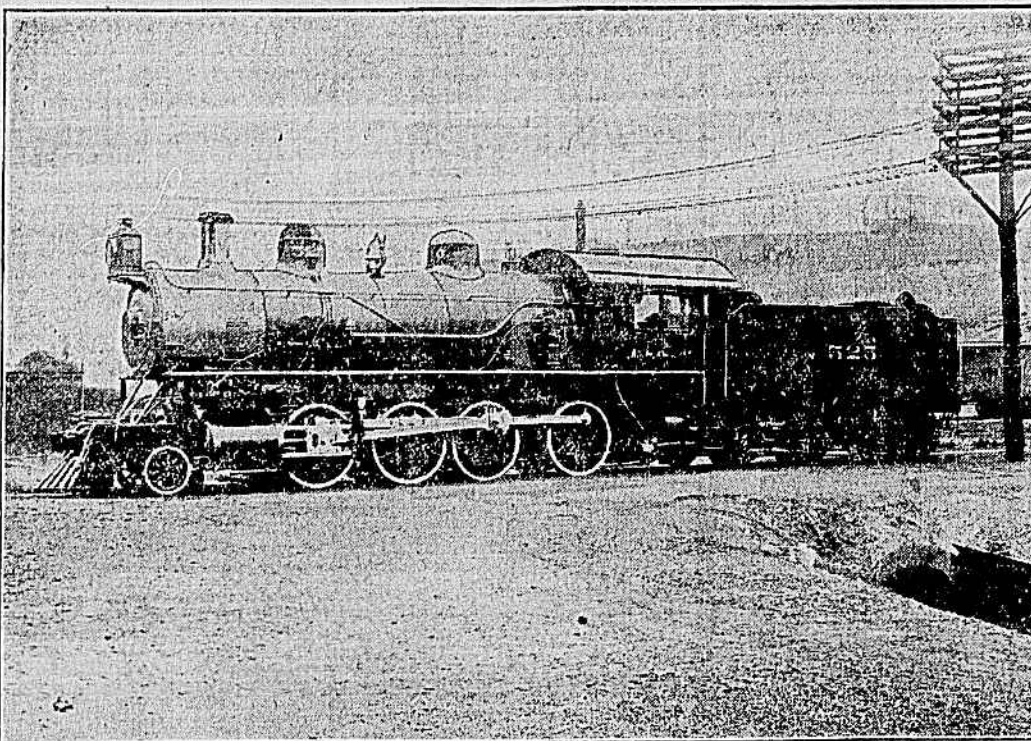

All school children can compete. Full instructions on inside of each package of Egg-O-See, telling what to do to get the prize and how to make the drawings.

The price and quality of Egg-O-See make it a standard for the world. It is displacing 90 per cent. of all other flaked wheat foods wherever introduced. It RETAINS FOR 10 CENTS, yet the quality is the best and the package is full weight. The largest food mill in the world enables us to do this.

ASK YOUR GROCER FOR THE GREEN PACKAGE.

If your grocer does not keep it, send us his name and loc. and we will send you a package, prepaid. Address all communications to "Egg-O-See," Quincy, Ill.

RICHMOND BUILT LOCOMOTIVE FOR EXHIBITION AT ST. LOUIS

The above picture is taken from the locomotive that will be exhibited at the St. Louis Exposition this year as a part of the exhibit of the American Locomotive Company. This engine was built by the Richmond works for the Chesapeake and Ohio Railroad, and is one of twenty-five similar engines. It weighs one hundred and eighty-six thousand two hundred pounds, and is technically known as a consolidation. That is to say, it has eight driving wheels and two wheels under the pilot.

The diameter of the driving wheels is fifty-six inches and the engine is adapted both to freight and passenger service. A most interesting fact in regard to this engine is the width of its fire-box, which gives a much greater area for the grate, and, therefore, gives a greater heating surface. This engine, which is about fifty feet in length, can pull seven thousand five hundred tons of freight at ten miles an hour over a level track. That means that it can pull a train of loaded cars weighing fifty tons each, that would stretch from the Capitol building beyond Belvidere Street. It would pull a train of one hundred and ten loaded cars of fifty tons each at the rate of twenty-five miles an hour—that is, a train stretching from the Capitol building to Jefferson Street.

The work is polished and finished to the highest degree of perfection, and will be one of the most creditable exhibits that Richmond will have at the World's Fair.

THE CANUCKS WON FROM BOTH TEAMS

Charlie Atherton's team tore all the starch out of the two teams from the Twin City League yesterday afternoon. There was a stiff wind blowing from the north, east, west and south.

That suited the Canucks, but the fellows belonging to Bender and Munn, who are used to gentle zephyrs and things, couldn't stand it, so the score at the end was 21 to 6 in favor of the fellows from the frigid zone, against nothing and nothing for the Southerners.

The Browns went up first. For six innings they couldn't get over the plate on the round trip, while the big ones tailed thirteen runs.

Then the Olympians went up, Bender's pets. They did better, and really put up a better game than the Browns. You can't always tell what's going to happen in base-ball any more than in a wrestling match. It may be a put up job, or it may not—who can tell?

The chances are, however, that it was not a put up job in this instance.

The Montreal team got eight runs off Thomas, of the Olympians. That made twenty-one, and Tucks Allen was captain of the second basement!

It was too cold to play foot-ball, and nobody expected the local players to do any better.

Elmore got his little finger broken. That was the only incident of the game. Here is the score by innings, with the respective line-ups:

Montreal 3 2 3 2 4 2—13
Browns 0 0 0 0 0 0—0
Olympians 2 0 0 0 0 0—2
Line-up—Montreal: Walters, right field; Doyle, center field; Yonker, third base; Joyce, left field; Edmundson, shortstop; Allen, second base; Connors, Atherton, Crawford, right field; Dalton, first base; Bowe, third base; Thomas, pitcher.
Elmore, first base; catcher; Elmore, catcher; Bowers, pitcher, left field.
Olympians—J. McEvoy, left field; W. McEvoy, shortstop; Sent, center field; Edwards, second base; Kinsey, catcher; Crawford, right field; Dalton, first base; Bowe, third base; Thomas, pitcher.
The Twin City season will open on the 20th of this month.

CLANS GATHERING FOR CONVENTION

(Continued From First Page.)

never since participated in politics. I ask you to give this statement publicity and correct your error."
(Signed) "FRANK CAMPBELL," "Chairman Democratic State Committee."

It is now practically settled that the New York State delegates at large to the National convention, to be held at St. Louis, will be James V. Ridgeway, of Brooklyn, and Congressman Bourke Cockran, of New York.

WILL NOT CONTROL.

Danger of Bryan and Hearst Controlling at St. Louis Passed.

(From Our Regular Correspondent.)
WASHINGTON, D. C., April 16.—The Democrats in Congress believe almost to a man that the danger of Mr. Bryan and Mr. Hearst controlling the St. Louis convention has passed. It was feared for some time, and up to a week ago, or later, that the two of them together might get one-third of the delegates, and in this way give lots of trouble, if a candidate is nominated by a two-thirds vote.

But it is now regarded as certain that the Bryan-Hearst delegates will not number more than two hundred at the outside. The other eight hundred will either be instructed for Parker outright, or will go to the convention ready to vote for the New York delegates, assuming that the New York State convention will instruct for him Monday, which is regarded as well nigh certain.

As illustrative of how completely the South has cut loose from the West, this year it is asserted that there is only one Southern State which is at all likely to instruct for Mr. Hearst, Mr. Bryan's candidate. That State is Arkansas, and it is not believed that it will send Hearst delegates, and it may send one without instructions, and some of them may be Hearst men.

But it is expected that the unit rule will prevail in practically all the State delegations, and in no State of doubtful loyalty. It is much probable of there being a majority of Hearst or Bryan men.

In other words, Mr. Hearst and Mr. Bryan are eliminated as serious factors in the campaign for the nomination. The nomination of Judge Parker, of a conservative platform, is practically assured. As to the platform, several Democrats with whom I have talked recently are of the opinion that the platform on which Samuel J. Tilden was elected, brief, pointed, clear and conservative, would be a good one to adopt this year.

SUPPORT JUDGE PARKER.

Said That Standard Oil Interests Will Go to Him.

(Special to The Times-Dispatch.)

BOSTON, MASS., April 16.—Financial interests close to such a man as Standard Oil affairs say that Standard Oil people will support Judge Parker, of New York, for the Democratic presidential nomination in preference to Richard Olney. Mr. Morgan's efforts to bring forward a safe candidate in Mr. Cleveland having failed, the finer and more delicate touch of the Standard Oil people is now to handle the situation.

They say that Judge Parker is a man whose record is not long enough to bring forth any serious allegations or discontent; that he is a perfectly "safe" man; that with him the tariff would not be disturbed, and there would be little pressure from the South for any revision of iron and steel schedules or manufacturing schedules, now that the South sees clearly its necessity for protection against foreign imports. It is not true that the Standard Oil people are yet figuring to support Mr. Roosevelt. Neither Mr. Morgan nor the Standard Oil people want anything to do with Olney, as he is absolutely objectionable for the same reason that makes President Roosevelt objectionable. He is considered uncontrolled and uncontrollable by any logic that cannot be publicly expressed.

If Judge Parker can receive the nomination the Standard Oil people feel that they will have a basis which will make it unnecessary for them to be heavy contributors to the Republican campaign fund.

WIRES APOLOGY.

Don M. Dickinson Sends Judge Parker Withdrawing Statement.

(By Associated Press.)
WASHINGTON, D. C., April 16.—The Post to-night received a telegram from Don M. Dickinson, of Detroit, saying that on receipt of a message from Chairman Campbell, he had sent a dispatch to Judge Parker. Mr. Dickinson's dispatch to Judge Parker is dated April 16th, and is in part as follows:

"I am sorry to have my published statement that you participated in the political campaign of 1888, as I am advised that you were then a Justice of the Supreme Court of New York, elected in 1886 by a unanimous vote. My apology is not needed, but I tender it with the utmost sincerity for making the statement, and by it I wish as well to correct any one who has in any degree been influenced by it to change his and the universal respect in which you have been and are held in the minds of all your countrymen, including myself. The statement was made on innocent misinformation as to the date."

Ohio Democrats Uninstructed.

(By Associated Press.)
CLEVELAND, O., April 16.—The Democratic county convention today nominated Charles W. Lapp, of Cleveland, for Congress. W. A. Ault, of Medina, and Charles P. Salem, of Cleveland, were selected as delegates to the national convention. The delegates were given negative instructions to the effect that they were not to vote for either Judge Parker or W. R. Hearst.

Rockland County for Parker.

NYACK, N. Y., April 16.—The Rockland county Democratic convention today instructed its delegates to the State convention for Parker.

JUDGE MANN IN RACE FOR GOVERNOR

(Continued From First Page.)

subject, I favor a general law for the opening, changing and closing of public roads; and special laws for the working of the same adapted to the various sections, and which will recognize and meet the conditions existing in the several localities. Reliance must be placed upon the convicts in the penitentiary, under supplied to the county authorities, and some to the counties or expensive to the State. As soon as its finances will permit, without increase of taxation, (and I think this condition will exist after 1900), the State should adopt the policy of supplementing county government for the permanent betterment of public roads; and nothing but the education of our children should be permitted to stand in the way of good roads, which will lessen the labor of our farmers, increase the value of their products, and add to the enjoyment and value of their property.

I think the utmost care should be exercised in the administration of the fiscal affairs of the Commonwealth, so that every dollar taken from the taxpayer shall be accounted for and applied to the legitimate purposes of government, to the end that the burdens of taxation shall be as light as possible.

I have taken my position on the liquor question because of what I believe to be the best interests of the people of the Commonwealth. I have been and am now in favor of the passage and enforcement of laws which will so regulate the liquor traffic as to best conserve the moral and material interests of the people; but I believe that these laws should only be passed when demanded by a strong public sentiment which will secure their enforcement. The Democratic party has by its policy, and the people at the polls have approved its action. As the party of intelligence and conservatism in this State, it can and should decide what the interests of the people in this and all other respects demand.

Pledging my continued exertions and whatever energy and capacity I may possess for the best interests of the people of my State and the Democratic party, whether elected or not, I ask your suffrages for this high office.

Very respectfully,
WM. HODGES MANN.
